This monthly publication is, first and foremost, an attempt to inform all C.A.S.-Lyons members of events and programs of archaeological concern. If you know of something that you feel would be of interest to other members- please send this information to Peter Christensen, the editor.

Due to the often mid-month publication date, many events of interest have already taken place. (Examples of this are the recent Labor Day weekend pot-luck and tour of the Crescent Shelter Dig out at the Ken Caryl Ranch, sponsored by Denver-C.A.S.; and the archaeological open house at the U.S. Army's Pinon Canyon Project area in south east Colorado on the 10th of this month.) The editor wishes to minimize this fault in the future by printing as much as is known at press time. However, if information is recieved too late to print, it will be announced at the next monthly meeting. This September's meeting will be held on the evening of the 27th at 7:00 P.M. in room #121 of the Geology building on the Boulder Campus of C.U.

Mr. John Bradley will be our featured guest speaker at this month's meeting. His talk will be about a survey on B.L.M. land in eastern Utah which he participated in where many Fremont culture and Archaic sites were located. Several "surprises" were discovered there. Come and listen to John Bradley and find out what they were. Mr. Bradley is a graduate of the C.U. Anthropology

Department and has had considerable experience in the archaeology of the Colorado Plateau. He has also published his research into heat pre-treatment of lithics; their identification and evaluation.

Mr. Keith Abernathy, the Field Director of the Laramie River Project, a survey being conducted in northern Colorado, will be our guest speaker in October.

In the field-- the Laramie River Project will continue thru September and into October, weather permitting. C.A.S. members' help is needed. For more information, contact Paul Heinrich, H# 861-2639.

Also, if you are still not receiving the State CAS publication, Southwestern Lore, or you have yet to receive your membership card from state-C.A.S., and you HAVE paid your membership dues, then talk with Leni for help with this.

The state sponsored Program for Avocational Archaeological Certification, P.A.A.C., will begin a fall class in Ceramics on October 18th. The classes will be taught by O.D. Hand, and will meet every Tuesday, and Thursday at Leni and Halee's out near Niwot, starting at 7:00P.M. in the evening.

Enclosed with this month's newsletter is the final, ammended and approved copy of our C.A.S.-Lyons By-Laws. A note of thanks and appreciation go out to Mary Sucke for her help in researching and typing these for us all.

Also included here this month is a report on the Labor Day festivities over at the Ken Caryl Ranch, and an announcement about the upcoming 1983 Annual State C.A.S. meeting-- both articles supplied by Leni Clubb.

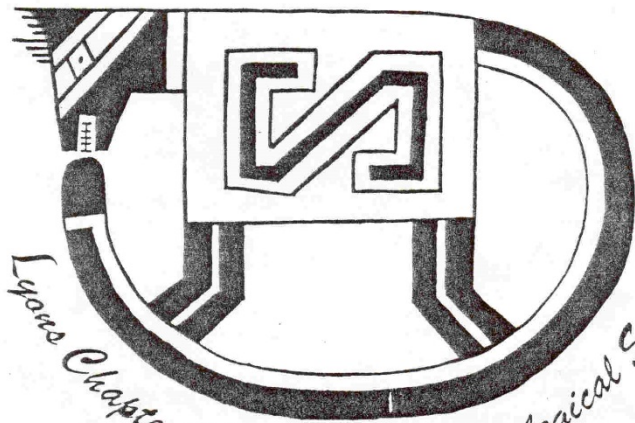

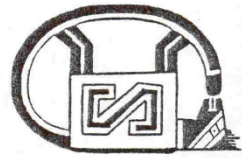

Let's all become more aware of our affiliation with the larger state-wide C.A.S. organization and get involved!!

Hope to see Everybody on September 27th!

Notes from Leni:

Last weekend was the last "dig" for the season at Ken Caryl Ranch. Kay Evatz, Sharon Pay, Hallie Cash and Leni Clubb were among the "diggers" and "screeners" Saturday and Sunday at the newly opened Swallow site. This is a truly professional operation using the proper digging and recording methods...besides being in a spectacularly beautiful red rock area. Our Chapter had been invited to participate by the Denver Chapter. Sorry you missed it? Maybe next year?

You have received registration forms in the mail and here is the program for the Annual Meeting. Be sure to register before Oct. 1st. Let's have good attendance by Lyons Chapter members. Perhaps our Chapter will be represented by a paper next year. Any ideas?
