JUNE 1985

VOLUME 4, ISSUE 6

CALENDAR

- June 11 & 13 PAAC class "Perishable Materials", at the Lacey's, 2262 Juniper Ct., Boulder, (442-4400 for directions).
- June 15 Pre-historic Site survey - Boulder and Longmont crews Historic Site Survey. See article further on in this issue.
- June 16 Atlatl practice at Leni's, 8191 N. 81st St. Longmont (near Niwot). Spectators welcome. For directions, see map this issue, or call 652-2203. 1:30 PM to ?
- June 18 This date for Executive Board meeting on hold pending Bill Boyle's return from vacation June 16th. Board members will be notified by phone if meeting this date.
- June 18 & 20 PAAC Class "Perishable Materials", 7 - 9 PM
- June 22 Historical Site Review - Callahan House, Longmont. For information call Kay Evatz 776-6491.
- June 22 & 23 Dig at Swallow Site, Ken Caryl Ranch. 8:30 AM- 4:30 PM. See May Calumet for more information.
- June 25 Regular Meeting not being held on regular meeting date. See June 29th for information.
- June 29 1st Annual Lyons Chapter Barbecue/Picnic, Details further on this issue.

PLAN AHEAD FOR JULY AND AUGUST

- July Atlatl Practice. Anytime and any day up to the 19th.
- July 6 Pre-historic Site Survey - Boulder/Longmont crews

CALENDAR-PLAN AHEAD CONTINUED

- July 13 C. A. S. Quarterly Board of Directors Meeting and
10:00am Advisory Committee to the State Archaeologist Meeting,
to First National Bank Bldg., 9th and Royal Gorge Blvd.,
5:00pm Basement Meeting Room, Canon City, CO.
- July 13 Pot Luck dinner at Victoria Sounart's home, 422 Pine Ave.,
6:00pm Canon City, 6:00 PM. Out-of-towners bring Kentucky Fried or ???.
- July 14 Tour to Waugh Mountain Area. 10 AM, all CAS members who
missed out on last year's rained-out tour at the Annual
Meeting are invited.
- July 19- World Open Atlatl Contest, Flint Knapping Demonstrations,
20-21 and Craft Fair. Lyons Chapter team competing.
- July 20 Pre-historic or historic site surveys - Boulder/Longmont
crews.
- July 27 Historic Site survey
- July 30 Regular Meeting Lyons Chapter, Rm. 199, Hellems Bldg.,
C. U. Boulder campus. 7:30 PM. Steve Cassells, speaker,
"Front Range Archaeology. See article from Kay Evatz,
Field Director, this issue.

APOLOGY FROM YOUR EDITOR REGARDING MAY CALUMET

In order to "help" the Longmont post office by putting all of the newsletters properly sorted and banded according to city, they were put into a large envelope to avoid their scattering down the mail chute. As a result, since the large outside envelope was not addressed, and the envelope inadvertently sealed, the whole lot was sent first to Denver and then to the Dead Letter office in San Francisco. As a result many of you failed to get the May issue until a week later after the error was discovered and a new batch were printed up and dispatched. Will try to NEVER let it happen again. (Just heard that most of you got two copies after all!)

PAAC CLASS "PERISHABLE MATERIALS"

Sue Lacey has mailed maps to her home to those persons who signed up for the class. If you have decided to attend but hadn't signed up at a meeting, call her for directions. Cost of the class is \$10.00, if you have not had any of the classes in this module.

ATLATL PRACTICE - Sunday, June 16

There are only a little more than 30 days left to practice. All interested people should try to attend. Also any spectators are welcome to watch us throw. We need to discuss, also, whether or not we need some identification as a TEAM. How about your blue 50th Anniversary tee shirt with "Lyons Chapter Atlatl Team" imprinted on the back? A couple of the team think that is a good idea. Remember, we also plan to compete at Colorado Springs in Aug.

REGULAR EXECUTIVE BOARD MEETING

As Bill is on vacation until June 16th, we are unable to verify the 18th of June as a Board meeting. Also this is also the date of a PAAC class and many of the Board members are taking the class. Board members will be notified by phone or letter as soon as the date is determined.

HISTORICAL SITE REVIEW

Call Kay Evatz on this. The Callahan (sp?) House in Longmont has been surveyed, but the paper work needs to be reviewed and completed.

DIG AT SWALLOW SITE, KEN CARYL RANCH

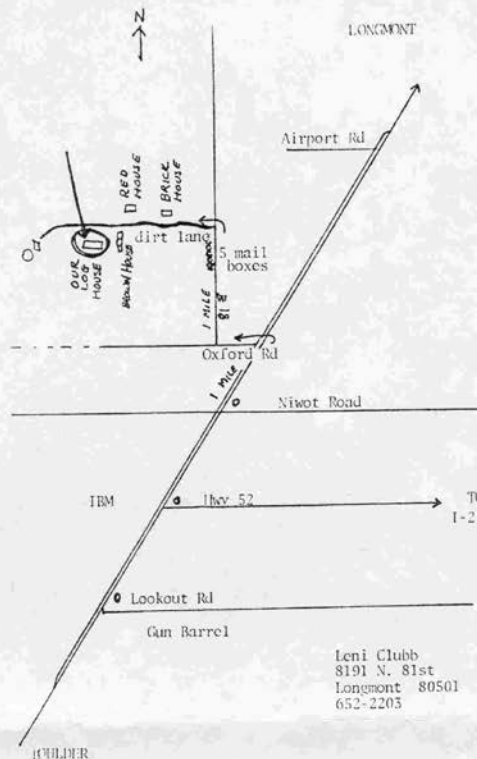

Don't miss at least one of the weekends scheduled for the Swallow Site dig. Plan to participate....take your trowel and whisk broom and get into a grid. If you "dig" (bad pun) archaeology, you will be hooked for sure. Directions to Ken Caryl are included in the May Calumet and also the dates - every other weekend into September. Also the Denver Chapter has scheduled a two week long dig from July 6 thru July 21. There are no facilities (except a "Green Box"), but you can camp at the site but need to bring your own water, food, etc. Call Ivol Hagar (986-2483) or Doug Medina (239-8355) for more information. They are also going to dig at another site south of Denver during this two week period and will alternate sites. Call for information and maps, times, etc. will be sent.

FIRST ANNUAL LYONS CHAPTER BARBECUE/PICNIC

There will be no meeting on the regular date of the last Tuesday of the month. Instead the meeting will be held on Saturday, June 29th, from noon to ????, at Leni and Hallie's, 8191 N. 81st, Longmont (near Niwot). See map to the house. This will be a gala social time get-together. Bring your spouse, house mate, kids. If any one wants to play volley ball, we will set up the net....or how are you at croquet?....maybe a ride in the little yellow Piper Cub if you are brave and like to ride in little planes.....there is lots of room for frisbie....bring your atlats and darts and we will practice (and also demonstrate this fine art). Let's get together and get to know each other at this, our first summer outdoor affair. You will love the "farm" and the view and the fun. Come at noon and stay as long as you like. Bring a covered dish and whatever you like for your family to put on the barbecue grill. The Chapter will provide ice tea and lemonade, so if you want beer or whatever, be sure to bring your own. See next page for map and call if you get lost...Leni (652-2203)

TEE SHIRTS AND PATCHES AVAILABLE

Have you ordered your 50th Anniversary tee shirt and/or patch? Sign-up sheets for both available at meetings. Chapter makes \$1.00 or \$1.25 on each transaction. Help the treasury along as well as getting a nice memento of our 50th Anniversary Year.

FROM KAY EVATZ, FIELD DIRECTOR

We are offering a FRONT RANGE ARCHAEOLOGY MINICOURSE by Steve Cassells. This minicourse might be our last chance to study with the author of Colorado Archaeology (published 1983) as he has been offered a job out of state. The course will start with a lecture open to the public at our July 30th regular meeting at 7:30 PM. The topic, "Front Range Archaeology". There will be a four day field trip from Aug. 3 to 6 to view the environment of prehistoric sites. We plan to car pool in four cars, four persons to a car with Steve in a different car each day. At night we will primitive camp near the sites. If needed, one car could be used to take people to nearby motels for those who do not wish to camp out. Schedule: Aug. 3rd, leave for Pueblo at 8 AM, pick up people at Denver at 9AM and Pueblo at 12:00 n. After lunch, we will spend the afternoon at sites in the Purgatoire and Apishapa areas. Camp that night. Aug. 4th, start at 8 AM to view rock shelters, rock art and Blakeslee Stone Columns. Camp that night. Aug. 5th, leave for the Denver area. Visit Magic Mountain, Spring Gulch and Nelson Ranch sites. That night sleep at our own homes (can share rooms in my house in Longmont for out-of-towners). Aug. 6, visit the Dent, Frazier, Jergens and Powers-Paleo Indian sites. After lunch, travel to Laporte to see the Johnson site and the Roberts Buffalo Jump site. Cost of this minicourse is \$75.00 per person plus \$15 to \$20 for gas if you travel with someone else. Registration and full fee must be received by July 13. Call Kay Evatz (776-6491), 2121 Squires, Longmont 80501 for information or answers to questions. If enough "four day" people register, we will be able to take Sat. and Sun people for a fee of \$40.00.

Send registration to Kay Evatz, 2121 Squires, Longmont, CO 80501
Full fee payable by July 13.

Participants responsible for own meals enroute, camp meals, extras.

ALSO FROM KAY

The three Field Directors met to make sure that all the survey crews were doing the same things and to make sure we had a good communication network with the members of the crews. It was decided that we will have three groups, to be known as the Boulder crew, the Longmont crew and the Historic Site crew. The names have nothing to do with where you live. Anyone can go on any site survey as long as there is room, no more than six to a crew. You may sign up for surveys at the monthly meetings or call the Information person. At present, they are Boulder crew-Louise Derr (449-3419); Longmont crew-Bill Boyle (772-2279); or Historic crew-Kay Evatz (776-6491).

Warren Church, Field Director, will have to have a replacement as he is going to Peru for the next year. He suggested that Mark Chenault, new Graduate Assistant at the C. U. Museum, be asked to replace him. The Information person assignment was necessary as Michael is out of town so much.

The Boulder and Longmont/Historic crews will each have a pack for survey supplies. At present it will have a notebook with necessary forms and sign-up sheets for the crew members, a 30 meter tape and flags. We plan to have another money-making project to enable us to buy another compass (see Steve's class above) so that each crew will have a compass for their use. At present, the compass will be held by Bill or Louise at work. Each crew will go out at least one a month - 1st and 3rd Saturdays for the Boulder and Longmont crews and the 4th Saturday for the Historic crew.

All efforts will be made to make sure each group has copies of all the maps and that the information people get together once a month to share information and send the reports into the State office once a month in one packet. All questions and problems should be referred to the Information people. Every effort will be made to get people out on surveys so they can complete requirements for certification. Be patient. This is a new plan and the bugs must be worked out. But you must sign up and show up if you want to go out.

BITS AND PIECES FROM THE EDITOR

Don't forget the ART OF THE RAINMAKERS, prehistoric Southwestern Indian art and architecture exhibit opens June 15th at the University Museum, C. U. Boulder campus in the Main Gallery of the Museum.

Bob Nykamp, Archaeologist for the Routt National Forest, Steamboat Springs has called Ivol Hagar, Executive Secretary, for volunteers to help with surveys for four timber sales in his area. He will pay \$60.00 a week and furnish you with a place to stay, or \$8.00 a day for four day weekends. Bob is a great guy. Many of us worked with him on the Rabbit Mountain survey and like him a lot. Can you help? Contact him at Routt National Forest, 29587 W. U. S. 40, Suite 20, Steamboat Springs, CO 80487. This would be a wonderful way to spend a week of your vacation.

Please read the letter from Leslie Wildesen in this issue to help you understand the "Blue Sheets". After all of the second and third hand information....this is "straight from the horse's mouth", as it were. (Sorry, Leslie....couldn't resist.)

The Lyons Chapter Atlatl Team is growing. Several more people are in the process of making atlatls and darts and Leslie Wildesen, State Archaeologist, has joined our team and has made two darts and her own atlatl. The people at Saratoga will be amazed at the size of our team and, naturally, our consummate skill!!!! We're not just bragging...."if you've got it, flaunt it!". We have quite a large group going for the fun. Have you made your reservation? You will be sorry if you miss it.

The Lyons Historical Society and Museum are sponsoring the LYONS "GOOD OLD DAYS" to be held June 26th thru June 30th. There is something going on every day including a Medallion Hunt (a treasure hunt), a carnival and midway at Bohn Park with dancing music 7:30 to midnight, a pancake breakfast, a buffalo barbecue and a Logger's Rodeo in Meadow Park, a jog up So. St. Vrain Canyon, a sidewalk sale and an Artisans Fair plus a Black Powder Shoot. Check your local papers for times and days of the various events.

Colorado Indian Market Days has been declared for July 3 thru 8 by Gov. Richard Lamm. The event, sponsored by White Horse Gallery, will take place at the C. U. Events Center from 9 AM to 9 PM daily. More than 350 artists from tribal groups of North America will compete for awards in catagories of Native American art.

As a quorum was not reached at the last Executive Board meeting, no official business could be transacted.

Minutes of the Lyons-CAS Monthly Meeting, May 28, 1985

Vice-President, Ann Pipkins, opened the meeting at 7:40 p.m. in UMC 157, University of Colorado, Boulder campus.

Sharon Pay gave a progress report on Michael Burney's survey crew, Mary Sucke reported on Warren Church's survey crew, and Sara White reported on her survey crew. These survey crews are working on the Boulder County Archaeological Inventory. Kay Evatz reported that the crews will continue their work. Prehistoric surveys will take place every first and third Saturdays of each month; with historic surveys to take place every fourth Saturday of each month. Mark Chenault will replace Warren Church as Field Director. Warren is leaving in June to go down to Peru to work with Jane Wheeler and Tom Lennon. Louise Derr will be the contact person for Michael Burney's group and Bill Boyle will be the contact person for the other groups. A discussion followed pertaining to specific procedures to be used by the survey crews in order to get them coordinated.

Treasurer, Sara White, reported that Lyons-CAS has a treasury balance of \$332.31.

Discussion was held regarding the purchase of tapes and flags to be used by the survey crews. A motion was unanimously passed to have the Chapter purchase two 30 meter tapes at approximately \$20-30 each and 200 pin flags (22 inches in length) at approximately \$6.50 per hundred. Either Louise Derr or Kay Evatz will take the responsibility of purchasing these supplies for the group.

A brief discussion was held regarding the purchase of 50th Anniversary patches. A motion was unanimously passed to have the Treasurer purchase 20 patches from the Montrose Chapter.

An announcement was made about the Perishable Materials class. It will begin on June 11th and will be held at the Lacey's. As of this meeting, there were enough people signed up on the list, however, more people are welcome to add their names to the list.

Discussion was held regarding the Chair position of the Ways and Means Committee. No one volunteered at this time. A motion was unanimously passed that the necessity for this position be discussed at the next Executive Board Meeting.

Ann read a letter from Ivol Hagar that a new CAS Chapter has been started in Carbondale, Colorado. The name of this Chapter is the Roaring Fork Valley Chapter of CAS. They already have 32 paid members with more to come. A hearty welcome to this new Chapter!

Kay Evatz reported on the Historic Longmont Landmark Commission. She said the Commission is trying to establish 3 Historic Districts within Boulder County. A minimum of 50 buildings is required to establish a district which is what is available for surveying at this time. Kay indicated that help is needed in working with the Historic Architect in recording each building. She suggested that before people begin surveying that they first take the Historic Tour of Longmont. Historic surveys will take place every fourth Saturday of each month.

The issue of a new Lyons Chapter t-shirt logo was tabled at this time.

In place of a our regular monthly meeting a barbeque will be held instead. It will be on Saturday, June 29th, noon til ?, at Leni Clubb's house. Everyone should bring a covered dish, something for grill, and something to drink. The Derrs and Mary Sucke have volunteered to assist Leni in setting this event on its way.

The meeting was adjourned at 8:35 p.m.

MEMO

TO: CAS Chapters

FROM: Leslie E. Wildesen, State Archaeologist *lew*

DATE: May 20, 1985

SUBJECT: Funding for OAHF and OSAC

At the CAS Board Meeting in Boulder on April 20, 1985, I was asked to outline the funding mechanism for the OAHF, and specifically how the "blue sheets" fit into that mechanism. Here goes.

All staff salaries, equipment, supplies, telephone, copying, travel, and other expenses of the OAHF are funded by an annual federal grant from the Historic Preservation Fund. This fund is part of the Land and Water Conservation Fund, created by Congress to support resource conservation and preservation activities; the source of the money that goes into this fund is offshore oil receipts, not tax dollars. The total grant amount is set by Congress each year; the grant itself is administered by the National Park Service, in accordance with their manuals and regulations.

Each state must apply each year for their share of the grant. The application documents how much work was produced with grant money during the past year, and projects workload and products for the coming year, and each state's share is apportioned based on these factors. In addition, each state must match the amount of the grant as a condition of receiving this federal money.

You will note that the Historic Preservation Fund is intended to pay for activities of the State Historic Preservation Office (SHPO), not the Office of the State Archaeologist (OSAC). Archaeological activities undertaken in Colorado as authorized by state law have no separate source of funds. Archaeological activities that relate to the federal historic preservation program, such as site file maintenance, federal project review, National Register nomination, and public awareness and training (PAAC) have been funded as part of that program, as described above.

In Colorado, "match" has been generated from several sources: the state provides office space, furniture, utilities, and personnel and accounting

services; volunteers (including CAS members) donate their time to various program activities, such as survey, National Register review, and workshop development; and local governments match any subgrant money disbursed to them either with local funds or volunteer time.

The "blue sheets" are the way CAS members document the monetary value of their donated time. They are not money, nor do they directly generate money. That is, OAHF does not receive \$4.50 each time a "trainee" level person spends an hour on a survey or in a PAAC class. We must, however, demonstrate that for every \$4.50 we spend out of our federal grant, at least \$4.50 (either in cash or in-kind contributions) has been spent by someone else on activities associated with our statewide program; the "blue sheets" provide that proof.

Thus, the "blue sheets" are an important part of the overall funding for archaeological activities in Colorado.

LYONS CHAPTER, COLORADO ARCHAEOLOGICAL SOCIETY, OFFICERS FOR 1985

PRESIDENT, WILLIAM BOYLE, 950 PASQUE, LONGMONT 80501 (772-2279)
VICE PRESIDENT, ANN PIPKINS, 4500 - 19th ST., #456, BOULDER 80302 (449-0851)
SECRETARY, PETER CHRISTENSEN, SALINA STAR RT., SUNSET, 80302 (BUS. 477-9311)
