The Lyons Chapter was chartered in the Fall of 1982 at the Redstone Museum in Lyons, CO...hence the name. A number of the charter members are still active in the chapter. In late summer of 1983, the meetings were moved to Boulder as most of the membership at that time lived in the Boulder/Longmont area. Meetings from then on have been held at the University of Colorado. The membership voted to retain the name Lyons Chapter out of respect for the place it was chartered. Our logo is a Classic Mimbres B/W bowl of the Mimbres Phase III Period from the Eby Ruin, New Mexico. The bowl is part of the Earl Morris collection housed at the University Museum and was suggested as our logo by one of our charter members who copied the design. Our newsletter, THE CALUMET, was selected by the membership from several suggested, The Calumet was used

extensively by the Plains tribes for ritual smoking at ceremonies. The chapter also has a Calumet, or "Peace Pipe", made by one of our members which is displayed at meetings, along with our Charter, both of which are presented to the incoming President at installation ceremonies at the Christmas Party.

As we have so many new members in 1986, we thought that many of you might want to know more about your Chapter, its purpose, its benefits and its history. We urge you to renew as soon as possible...and by January 1, 1987. Soon after the first of the year, pick up a green Membership Survey at any of our activities, fill it out to help us get to know you better. When you come to the Christmas Party, Dec. 20th, look at our gigantic photo album with photos of our many activities since January 1983.

BITS & PIECES FROM YOUR EDITOR

To those of you who ordered First Annual Encampment tee shirts, please be advised that Bill Tate has had trouble getting the sizes needed to fill the orders. All he has received so far are small and large, but is working on getting the sizes you ordered.

The CAS pins and tie tacks were not picked up at the Annual Meeting. If you ordered one (Bill Boyle has the list), write your check for \$5.00 made out to the Colorado Archaeological Society and give it to Bill at the meeting. He will forward the checks and have the pins mailed.

The 1987 Second Annual Encampment. Victoria Sounart, 1986 CAS President will be the coordinator of the event. The San Juan Basin Chapter, Durango, will be the host. They will try to make arrangements to camp at the new McPhee Reservoir near Dolores, CO. Many plans are in the making: Indian games, atlatl contest, visits to the new Anasazi Heritage Center, possible "dig" at Honeymoon Ruin (which had to be postponed last year), field trip options to Sand Canyon, Mesa Verde. It was voted at the Annual Meeting to hold it again over the Fourth of July Weekend. Be sure to put those dates on your new 1987 calendar...it will be something you won't want to miss. Ask anyone who went last year up to Twin Lakes!

Be sure to register for the Plains Conference before Oct. 15 and save \$5.00 (Students only \$12.00 if you register before Oct. 15th). Registration is required for attendance at any meeting or event. Use the registration blank on page 8 of your August CALUMET. This is a marvelous opportunity for those in our area to hear papers from well-known archaeologist and anthropologist from the entire Plains area - High Plains, Great Plains, Southern Plains. Dr. Dennis Stanford, curator of North American Archaeology, The National Museum of Natural History, The Smithsonian Institution, is the featured guest at the traditional banquet on Friday evening, Nov. 21st. Dates for the Conference are: Nov. 20, 21 and 22, 1986, at Hotel Marriott South, Denver. Early Bird Party, 6 PM, Wed. Nov. 19th.

The Lyons Chapter was well represented at the Annual Meeting, Oct. 3, 4, and 5. Twenty-one chapter members were in attendance at Colorado Springs....a record for the Lyons Chapter. Besides the interesting papers - four of our members presented papers on various subjects, a first for us - informative workshops on PAAC, APPDAR, Advocacy, and a Treasurer's meeting was held. The Sunday Field trip to Ft. Carson Military Reserve to look at the pictographs and petroglyphs was outstanding....the day was absolutely gorgeousthe picnic at Bear Creek Park delicious. Thanks to the Pike's Peak Chapter, CAS, for doing a wonderful job of hosting all of us.

An Alice Hamilton Scholarship Fund has been established for full or part time students, Colorado residents majoring in Anthropology who are attending an accredited school in Colorado. An award will be given annually to be used for such items as tuition, books, field school, lab fees, or research projects. The number of awards to be made will depend upon the amount of money available in the Fund. Recipients will be chosen by a three member committee. The Fund will be supported by chapter and private contributions, not by any one particular state fund raising project. In order for our chapter members to be able to contribute to this worthy project, we have made arrangements for a space to be available for you to check that you wish to contribute and include the amount of your contribution on our 1987 membership application. The monies(Alice Hamilton Scholarship Fund)will be collected by the chapter and forwarded to the State Treasurer along with your membership fees. Many of our members may not know who Alice Hamilton was, but she was a fine lady who cared very much about Archaeology and the Colorado Archaeological Society. It was she who had the idea for a Memorial Fund for scholarships for aspiring archaeology students but passed away before seeing the plan in action so it is quite appropriate that the Fund is named after her....such a lovely, caring lady....too soon gone. So, if you wish, check the block and write in any amount you wish and include it with your membership fees.

The Colorado Historical Society, in their October publication, Colorado Heritage News, announces two important exhibitions honoring Laura Gilpin (1891-1979), one of the foremost photographers of the American West, will highlight the Society's fall exhibition schedule November 11, 1986 thru January 11, 1987. "An Enduring Grace: The Photographs of Laura Gilpin" is a major retrospective spanning her sixty-year career as a chronicler of the native culture and geography of the Southwest. "Laura Gilpin's Lens on Colorado" features more than fifty commercial photographs of Colorado architecture. Museum hours: Mon. thru Sat. 10:00 AM - 4:30 PM. Admission free to members of the Colorado Historical Society, nonmembers \$2.50, \$1 children 6-16, \$1 for seniors.

More on DINOSAURS - the Denver Museum of Natural History opened their new, in-depth look at dinosaurs "Dinosaurs Past and Present" in the Mead and James Halls October 4th thru January 4, 1987. This is a multi-media exhibit focusing on more than 150 pieces of art drawn from private collection and institutions throughout the U.S. and Canada.
